

GLOVE SPECIFICATION SHEET

HYBRID PE GLOVES

Our Hybrid PE Gloves are the perfect solution for food service and other food contact applications.

Key Benefits:

- Recyclable
- Food Safe
- Latex-Free
- Corn Starch Powder-Free

Our Hybrid PE Gloves are made with a blend of polyethylene and TPE additive for elasticity with embossing for additional grip.

Redi Bag gloves are manufactured and certified to comply with Direct Food Contact Use in accordance with FDA standard FDA 21 CFR 177.1520
