

GRAB & GO PRODUCE BAG SPECIFICATION SHEET

GRAB & GO

Our Grab & Go produce bags are the perfect solution to ensure each produce bag has limited human exposure until use by your customer.

Key Benefits:

- Recyclable
- Food Safe
- Sanitary

Our produce bags are printed and come in a variety of different sizes and are produced with food grade HDPE resin. Redi Bag USA is committed to serving our customers. That is why we have added this bag to our line of products. It is the most sanitary way to dispense bags to provide yet one more layer of protection you can offer to your customer.
