

GLOVE SPECIFICATION SHEET

HYBRID ANTIMICROBIAL GLOVES

Our Hybrid Antimicrobial Gloves are the perfect solution for food service and other food contact applications.

Key Benefits:

- Antimicrobial
- Food Safe
- Latex-Free
- Corn Starch Powder-Free

Our Hybrid Antimicrobial Gloves are made with a blend of polyethylene, TPE and an antimicrobial additive to minimize food contamination. Comes with embossing for additional grip.

Redi Bag gloves are manufactured and certified to comply with Direct Food Contact Use in accordance with FDA standard FDA 21 CFR 177.1520
