

*More Retail Game Changing  
Innovation from RediBagUSA*

# Reusable Sustainable Bags

RediBagUSA's reusable t-shirt bags are an eco-conscious upgrade from traditional plastic. Stronger, smarter, and more sustainable, they're made with more than 60% certified post-consumer recycled content and combine durability with versatility. Designed with multiple carrying options and easy-to-clean, hand-washable materials, and available with customizable options, they're built for everyday convenience—without compromising the planet.

## Features and benefits of reusable sustainable bags:

- ✓ High-quality, eco-friendly way to reduce plastic use
- ✓ Minimum 40% post-consumer recycled contents
- ✓ Customizable to sizes, colors, and printing specifications
- ✓ Available in non-woven and laminated materials
